THE OBSERVATORY 6 BEDROOM PRESIDENTIAL SUITE

Floating above the city's rhythm, The Observatory is Akala's most iconic residence. A two-storey sanctuary with dual-aspect views toward both Downtown Dubai and DIFC, it embodies a rare architectural synergy between movement and stillness, spectacle and sanctuary. The arrival sequence is intentionally cinematic, beginning at a private lift lobby and unfolding through framed glimpses of skyline vistas, sculptural staircases, and natural light that leads to The Grand Room, a magnificent space where sitting, dining, and living areas converge against a backdrop of dramatic, panoramic views.

Thoughtfully zoned into public and private wings, the residence includes multiple lounge areas, a courtyard framed by folding glass panels, and a light-filled transitional lounge space that serves as a multifunctional family or guest suite. The master bedroom is a sanctuary in its own right, with sweeping three-sided views and deeply personal design details that prioritize peace and introspection.

Above, the rooftop terrace offers a private pool and jacuzzi, art gallery, summer greenhouse, and elevated entertaining zones, all overlooking the Burj Khalifa. As much an architectural landmark as it is a residence, The Observatory allows its residents to experience Dubai from a truly exceptional point of view.
